Committee

Topic and Country Assignments

- General Assembly Special Session: “Private Space Industry and Planetary Sovereignty”
- HuskyMUN delegates all participate in one large committee.
- Country assignments will be randomized.
- Co-delegations will be used if a large number of schools attend.
 - UConn’s own participants enroll in a mentorship program in which new delegates partner with experienced members.
- Delegates should independently research the topic and their nation’s stance.

Procedure

- UConn’s parliamentary procedure available at:
<http://tmun.org/TMUN-Procedure.pdf>

Awards

- HuskyMUN began as a training event for UConn delegates who had never travelled to a MUN conference. UConn's own delegates will participate in this event, and to prevent conflicts of interest and maintain a focus on training, HuskyMUN:
 - Does not submit awards to Best Delegate.
 - Uses an Awards Board featuring representatives of attending universities.
 - Grants three verbal commendations.

Other Logistics

- The Chief Operations Officer will release details on parking and conference location as we get closer to the event.
- A large variety of dining options are available on and near campus.
- **This conference is free;** there are no delegation or delegate fees.

We hope you'll join us for HuskyMUN II!
